

Sprint 4 - Retro

Date: 22 May 2025

Time: 13:00-14:00

Attendees: Jayden Harold, Tariro Muvevi, Karabelo Borocho, Dylan Naidoo, Karabo Bopape

1. How would you describe sprint 4 in one word?
 - **Karabelo:** Hectic
 - **Karabo:** Overwhelming
 - **Jayden:** Rushed
 - **Tariro:** Stressful
 - **Dylan:** Quick
2. What was the most frustrating part of the sprint?
 - **Karabelo:** GitHub wasn't accepting my commits
 - **Karabo:** Having to write test files at the last minute
 - **Jayden:** Adding filters to the dashboards
 - **Tariro:** Calculating the average resolution time
 - **Dylan:** Updating the maintenance table to include new attributes
3. What would you do differently?
 - **Karabelo:** Try to manage time better
 - **Karabo:** Focus more on functionality over the look of the website
 - **Jayden:** I would not leave things for the last minute
 - **Tariro:** Not leave so many tasks to the day of the sprint presentation
 - **Dylan:** Get the maintenance table right the first time
4. What went well?
 - **Karabelo:**
 - **Karabo:** The graphs
 - **Jayden:** Notifications page was executed well, both styling and functionality were good
 - **Tariro:** The PDF functionality
 - **Dylan:** The weather feature
5. What didn't go well?
 - **Karabelo:**
 - **Karabo:** Administration
 - **Jayden:** Filters for the dashboards
 - **Tariro:** Staff Performance
 - **Dylan:** Custom Range filter
6. What can we improve?
 - **Karabelo:**

- **Karabo:** Time management
- **Jayden:**
- **Tariro:** Administration
- **Dylan:**
