Time: 12:30-12:45
Attendees: Jayden Harold, Tariro Muvevi, Karabelo Borotho, Dylan Naidoo, Karabo Bopape

1. How would you describe sprint 1 in one word?
   - Eventful
   - Long
   - Suspenseful (especially as we progressed with each build)
2. What was the most frustrating part of the sprint?
   - Setting up the database and the workflow
3. What would you do differently?
   - Start with a static web app and use FireStore for the database
4. What went well?
   - Designing the web app
   - The collaboration between the team and how everything is coordinated
5. What didn't go well?
   - Setting up the database using Microsoft Azure didn't go well, which led the team to fall behind schedule.
6. What can we improve?
   - Time management
