21 Apr 2025 | 📅 Software Design

Attendees: Jayden Harold Dylan Naidoo Karabelo Borotho Karabo Bopape Tariro Muvevi

Sprint 02 Meeting 04

Start Time: 20:30
End Time: 21:00
Venue: Google Meet

Notes

- Jayden demoed the site functionality as of 21/04/2025
- Karabelo presented his drafts for the 4+1 Architecture UML Diagrams
- The team discussed the plan for Tuesday and Wednesday
  - Tuesday:
    - Give feedback on UML Diagrams
    - Go through tests and check the coverage
    - Create a facilities table in the database
    - Finish user onboarding functionality
  - Wednesday:
    - Check that user onboarding is correctly updating the database
    - Finish functionality for denying user requests/ removing users
    - Check that denying user requests/ removing users is correctly updating the database.
- Karabo gave us an update on testing, saying she needed to install some dependencies and update the package.json file.
